Helping those experiencing uncertainty or insecurity within the home when there is no other support network to lean on.

What is St Bart's Home Care?

Here at St Bart's we stand firmly by the side of people when they have no other support network to lean on.

We are a community service organisation with a primary focus on people who are experiencing or at risk of homelessness, and our attention is entirely on you and your individual needs in order to assist you in maintaining your quality of life.

We understand the sense of comfort that comes with staying in your own home for as long as possible, which is why our Home Care service is tailored to help people lead a more independent and fulfilled life.

Our service extends to working with prematurely aged people with special care needs who are socially isolated and struggle to deal with the challenges of living on their own.

We welcome people from culturally and linguistically diverse backgrounds.

"I was becoming overwhelmed and anxious with the struggles of everyday living. St Bart's provided much needed care and support to help me in my own home"

Our Home Care Services

Our extensive list of services covers all facets of everyday care and living requirements. We will discuss your needs and desires to find the perfect solution for you, and adapt as these change over time. Services include:

Who is Eligible for Home Care?

Our Home Care services specifically cater to those who:

- are financially and socially disadvantaged,
- have been referred by their GP or local hospital.

To be eligible for a Home Care Package you will need to be assessed and approved by the Aged Care Assessment Team (ACAT).

For further information about ACAT,
